Extract WVA-2012. W-POM, 21 October 1948. Subject:
Monthly Progress Report for September 1948.

SCI 7/2 Operational Tasks.

12. No further progress was made with reference to W/T set burial and recruitment of W/T operators. During October, the two sets still unburied of the original ten were out in the ground. Memoranda will be pouched within the next few days giving the precise locations of these sets. A large part of the assignment to prepare stay-behind groups has now been accomplished with the exception of recruitment of sufficient W/T operators. We shall continue with the stay-behind problem all along the line.

C stated recently that he had received instructions a short time ago to give highest priority to stay-behind preparations with view to the possibility of war. To the best of our knowledge, this station's preparations have preceded and advanced farther than C.
